

IFO Toilet Kit - AS1428.1-2009 Set Up - S Trap

CARE6861

Ifo Sign Toilet Increased Height - S Trap has 95 degree cistern to pan angle and complies with all angles thrust test of 1100 N. Chromed flush button improves visibility and seamless cistern as back and side transfer support, provides 100% consistency and reliability. Combined WC and back support means no additional backrest is needed to meet requirements of AS1428.1 * as a Performance Solution.

CARE6861 Includes:

Free Standing Ifo WC, Pressalit Sign Toilet Seat with Lid (Anthracite Grey and Raised Flush Button)

FEATURES

- 460 mm seat height (480 mm including Pressalit Sign Toilet Seat)
- 800mm finished wall to front of pan (based on 200mm offset)
- 95 degree cistern to pan angle
- Cistern complies with all angles thrust test (for AS1428.1) of 1100 N for backrest requirements
- Integrated cistern is a Performance Solution which serves as a backrest "on" the accessible toilet as required in AS1428.1
- Pan load rated to 400 kg
- Seamless cistern offering back and side transfer support
- Increased foot print for enhanced stability
- Allows for undisturbed coving seal
- Tested to comply with 90% of commonly used Australian shower commode chairs
- WELS 4 star rated (4.5/3L Flush)
- Fully glazed on back and inside rim to avoid bacteria growth
- Patented Fresh WC blue stick technology enabled for increased infection control
- Toilet pan fixed to the floor using 316 stainless steel pan screws supplied or fixing bracket (available separately), with all mounting contact surfaces to be thoroughly sealed with high grade anti-bacterial silicone
- Provides 100% consistency and reliability as combined WC and back support - no additional backrest needed to meet requirements of AS1428.1 as a Performance Solution.

* Refer to AS1428.1 for height and spacial requirements
