Australian ingenuity, with Italian quality you can trust

Zetco's renowned nut & tail ball valves are designed for quick and easy installation of continuous flow water heaters.

Zetco pioneered this innovative valve and kit assembly and offers a wide range of connections including:

- Press-fit
- BSP Flare
- SAE Flare
- Female
- Conetite
- Olive Compression

If you require a custom combination of components in a kit form, we can work with you to develop a configuration to suit your appliance or installation.
